PETITION TO MAKE SPECIAL UNDER 37 C.F.R. § 1.102(c)

Dear Sir:

This is a Petition to Make Special the above-identified patent application. The basis for this petition is that the subject invention will materially contribute to the development and conservation of energy resources.

In accordance with MPEP 708.02 VI, a Verified Statement by an attorney registered to practice before the PTO explaining how the invention materially contributes to the development and conservation of energy resources is attached.

In view of the above, applicant requests that this Petition to Make Special be granted and the examination of the application be advanced.

Respectfully submitted,

James S. Parker
